L:A BRUKET

L:A BRUKET

Natural skincare made in Sweden, guided by a simple philosophy: innovation inspired by nature.

THE SCANDINAVIAN WAY OF LIFE

In Sweden, nature isn't something you visit. It finds you the moment you step outside. Sun, wind, rock, and ice; salt, sand, mud, and water — a shifting mosaic of ever-changing elements. Coastal conditions can take a toll on our skin and hair, but instead of shielding ourselves from nature, we turn to it for inspiration and answers.

A HOLISTIC APPROACH BETWEEN HERITAGE AND MODERNITY

L:A Bruket's coastal home in Varberg has over 200 years of spa culture.

Drawing on time-honored knowledge of natural skincare, L:A Bruket has been formulating organic treatments since 2008 that protect and nourish skin and hair.

We apply a modern mindset to age-old marine therapy rituals — like seaweed bathing — to create contemporary, innovative treatments using responsibly sourced ingredients.

NATURAL PURITY IN THE SERVICE OF PERFORMANCE

We never compromise when it comes to the purity of our ingredients, because we know our skin and hair respond best to natural molecules.

The result is a line of products defined by function and quality — crafted to endure harsh climates and meet the demands of any situation.
